

Technology/Automation and Employment Trends

Using *Opposing ViewPoints in Context*

Go to the EMU Library home page: <http://www.emich.edu/library/>

Click the box saying **DATABASES**

Click the letter **O**

Click on **Opposing ViewPoints in Context**

Entering Search Terms

1. Click the *Advanced* icon following the search box
2. In the search box on the first line, type, with the asterisks:
technolog* or automation or robot*
3. In the search box on the second line type, with the asterisks:
career* or employment or unemployment or occupation*
At the end of the second line, change the drop down menu to **Keyword**

Entering Publication Date

1. Below the line beginning **Publication date** click the radio button preceding: **After**
In the *Year* box, change the drop down menu to **2010**

Click the **Search** button

Note that on the Results page the results are organized by type of publication, e.g., **Viewpoints**, **Academic Journals**, **Audio**, **News**, etc. The main body of the Results page shows 3 items under each type of publication. To see all of the results for a publication type, click on the publication type name, e.g., Viewpoints. On the right side of the screen, under **Everything**, you see an index to all the publication types and how many items are in each.
